# 1/ Celebrating Europe

Created in 2017 by the Erasmus+ France / Education Training National Agency, the #ErasmusDays have become a key annual international event celebrating the successes of the Erasmus+ programme across Europe. For six days, people from all over the world are invited to come together and organise or take part in events that highlight the projects and opportunities offered by Erasmus+ in the field of education, training, youth and sport.

All structures, which can benefit from the Erasmus+ programme, are invited to organise an event during the #ErasmusDays – online and/or on-site, small or large and thus promote their projects and build new regional, national, European or even international partnerships.

To participate, project holders just need to identify an action and then register it on [erasmusdays.eu](http://erasmusdays.eu). This registration will make the action visible on the site. Event organisers are also invited to share their actions on social networks using the hashtag #ErasmusDays.

All types of events are welcome: seminars, meetings between partners, photo exhibitions, concerts, flashmobs, parades, dance performances, conferences, Europass mobility awards, digital workshops, challenges on social networks, blog posts, podcasts, Facebook lives, webinars and online conferences, etc. The most important is to celebrate and **make Europe shine!**

Since 2017, more than 53,000 events have been organised worldwide.

The diagram below illustrates the breakdown of themes for this ninth edition.

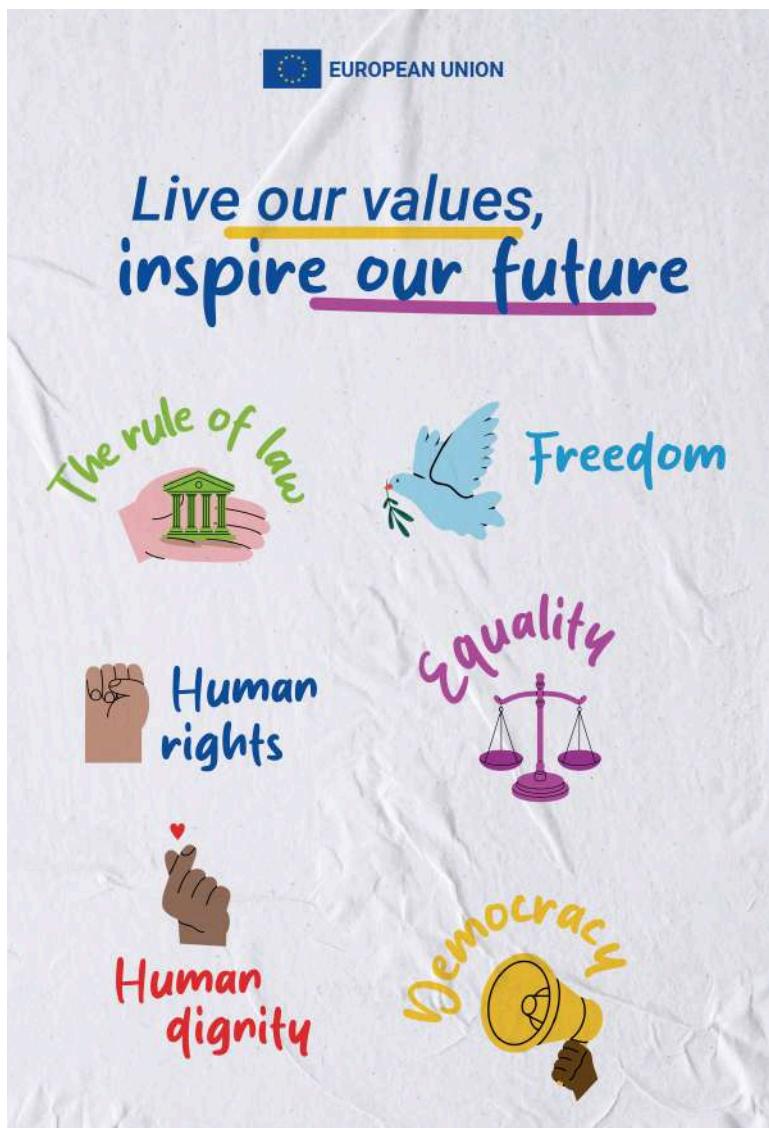

# 3/ 2025 theme

---

The general tagline of the #ErasmusDays, “**6 days to make Europe shine**” fully reflects the spirit of the event and conveys the desire to foster an **engaging, collective, and unifying** momentum. Since 2022, each new edition has been organised around a specific annual theme, jointly selected with all participating Erasmus+ National Agencies, to complement this tagline.

In 2025, marking the twenty-fifth anniversary of the signing of the Charter of Fundamental Rights of the European Union, the values at its core - **human dignity, freedom, democracy, equality, the rule of law, and respect for human rights**, were chosen as the guiding theme of the 9th edition of the #ErasmusDays with the tagline “**Live our values, inspire our future!**”.

These values unite the countries of the European Union and guide their citizens. They guarantee a society based on the concepts of pluralism, tolerance, justice, solidarity and non-discrimination in order to meet today's challenges and build its future.

This year, the National Erasmus+ Office in Ukraine, together with its partners, organised around 100 events under the #ErasmusDays2025 motto “Live our values, inspire our future”.
